

Streamlined Engagement.

Novus Labs is more than a testing facility: our expanded services offer augmented staffing support customized to your needs.

CORE EXPERTISE

Development

Hardware Design
Software Engineers
Automation Developers

Quality Assurance

Test Technicians
Validation Engineers
Quality Control Analysts

Operations

Lab Support
Program Management
IT Services

CONTINUITY

15 years of experience building engineering teams. Work with the same engineers at Novus you've built a relationship with.

REMOTE SERVICES THE "NOVUS WAY"

Fully remote teams to you are in fact an intact team onsite at Novus, where employees benefit from the additional support and in-person training.

FLEXIBILITY

Onsite or remote, your team will have access to our in-house experts and resources throughout your engagement with us.
